**Personal Statement \***

Dear Colleagues,

For those of you who do not know me, I am an emergency medicine physician in my third year of practice at the Cleveland Clinic. For the past ten years, I have had the privilege of contributing to organized medicine at the state and national levels. Through my tenure as a member of the Ohio Delegation to the American Medical Association, as chair of the national medical student delegation to the AMA-HOD, as a member of the RFS and MSS Governing Councils of the OSMA, and through my service on the OSMA-PAC board of directors, I've shown my deeply held interest in health policy, educating others, and serving as an advocate for change.

Members of the OSMA have afforded us a tremendous opportunity to make the voice of young physicians heard within our organization. I've had a small role in helping create the Young Physicians Section, and I would like the opportunity to continue my involvement by being your representative in the OSMA House of Delegates. Thank you for your consideration.
